## NDTAA Workshop Session for NDT Students

### Workshop on "Practical approach to Industrial Electronics" for 2<sup>nd</sup> Year Electrical students;

NDTAA has recently arranged a workshop in collaboration with a leading giant in IT industry, Informatics (Pvt) Ltd, on "**Practical approach to Industrial Electronics**" for 2nd year students studying in electrical power stream of the ITUM.

Students gained a valuable opportunity to enhance their practical knowledge in **Uninterruptible Power Supplies (UPS) and Switch Mode Power Supplies (SMPS)**. Moreover, Students were exposed to functionalities and operation of the latest additions of **Automatic Teller Machines (ATM)** during the workshop session. Thirty seven of Electrical students are scheduled to participating in these session in groups on a weekly basis.

One of the staff members from ITUM in the electrical division established contacts with the officials of the organization to finalize the formalities for the workshop sessions and subsequently, upon approval of the Director of ITUM and the electrical division, students were granted permission to participate in the workshop. During the sessions, a comprehensive training is delivered to students in additions to discussions related to theoretical aspects of the contents of the training. Thus, NDTAA embarked on a successful strategy in delivering invaluable workshop sessions for students under true-industry situations.

Informatics (Pvt) Ltd is one of the leading entities in the field of IT and power electronics sector and the authorities extended an excellent cooperative hand, in terms of a CSR project to achieve a successful workshop sessions. Their workshop engineers conducted sessions and shared practical applications of specific areas of interest with students

NDTAA is planning to arrange similar sessions for students in the other areas of specializations with a view to enhance practical awareness in state-of-the-art industry applications.

## NDTAA Logo

*The meaning of the logo...*

The three colors stand for the following:

**RED:** Technology-the duty of the alumni is to use technology so as to make people's lives easier and better.

**YELLOW:** Conceptual thinking- Technology has to be used creatively for the betterment of the society as a whole.

**GREEN:** Environment-in doing all above, environment should not be compromised and should be preserved for the future generations.

Jayantha Walpola - Vice President
